The matines will commence at Colock. The story of "Officer 666" is densely interesting.

A young millionaire globe trotter retening home to find his bachelo parters occupied by a barging who or satisfied with baying appropriates millionaire's name and getting himself energed to a pretty society with on the strength of it, is rapidly disposing of a fine collection of paint aire from the azt centers of the work

In working out the story of the play the rich young man induces a police Man on his block to lend him his on form, and while he is masquerading a "copper" to cutch the burgar, ti real officer becomes the millionaire rook. The burgler, in the meantime, is the bachelor's quarters, last is event nally trapped and compeded to return his plumler, All these events ar during the three acts in which Augus tin MacHouth, the author of "Offices 666," takes to tell the story that I said to be chuck full of surprising sit nations, smart chatter and snapp
